# PLANNING YOUR PORTFOLIO WEBSITE

This is a great start to planning my portfolio website Here's a breakdown of the tasks that are involved in planning phase.

## Task 1: Define Your Purpose and Audience

### Purpose:

- The purpose of our website is to promote the natural beauties of north area of Pakistan , offer travelling services and showcasing local culture of Gilgit Baltistan.

### Target Audience:

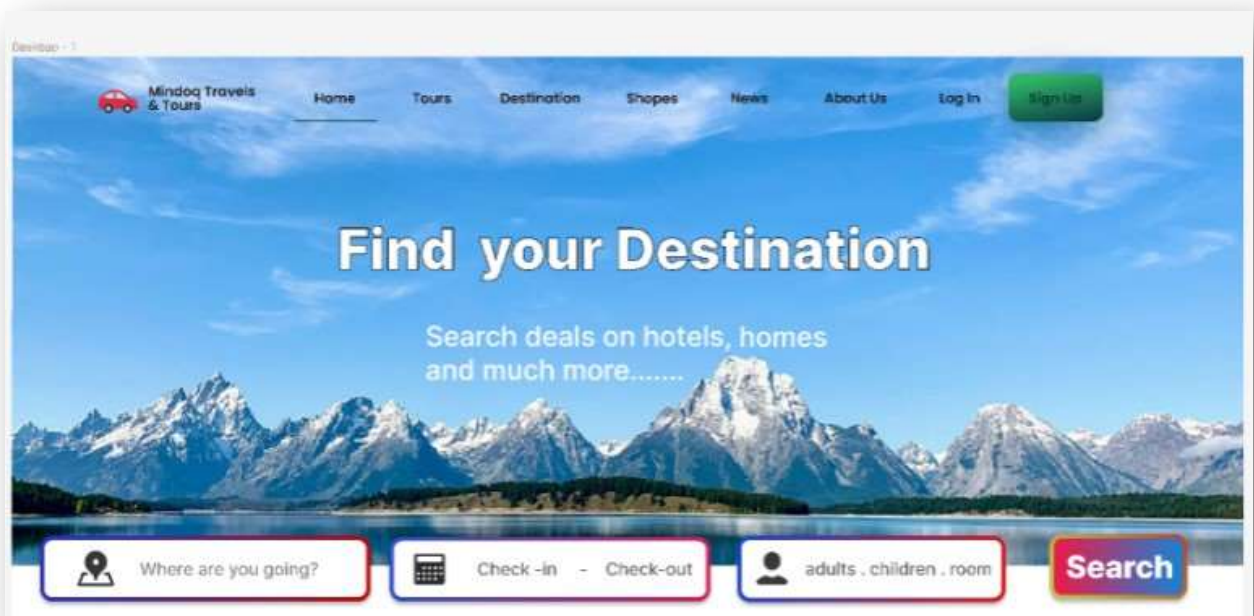

- We focuses on the all those peoples who are interested in travelling and touring. We provide services for those to enjoying the Natural Beauty of Nature. Everyone easily take services through our website Mindog Travels and tours.

## Task 2: Sketch Your Website Layout on Figma

### Figma:

Figma is a great tool for creating wireframes and prototypes to visualize your website's structure and functionality. Here are some points to consider for my Figma designs.
